Our Aim

Allied Healthcare Federal Credit Union is committed to ensuring digital accessibility for people with disabilities. We continue to make changes to improve the user experience for everyone and apply the relevant accessibility standards.

Wherever possible, Allied Healthcare Federal Credit Union will aim to adhere to level AA of the WCAG 2.0 guidelines, which states that sites should be:

- Operable - User interface components and navigation must be operable.

- Understandable - Information and the operation of user interface must be understandable.

- Robust - Content must be robust enough that it can be interpreted reliably by a wide variety of user agents, including assistive technologies.

In order to ensure accessibility we also:
